

## **Oil, Oil Filters and Oil Absorbent Materials Banned from Disposal in Landfills**

1995: Wisconsin banned oil from being disposed of in landfills and required that it be recycled

2011: Wisconsin's new law, ACT86 bans oil filters and oil absorbent materials from being disposed of in landfills and required that they be disposed of properly.

Look for 2009 Wisconsin Act 86 under Clean Sweep/Environmental Legislation on the Jefferson County website for a complete description of the new law.

**The following are sites where you can take your oil, oil filters, and oil absorbent materials:**

**Clean Sweeps** in Jefferson County (look at Clean Sweep schedule for sites and locations on the Jefferson County website [www.jeffersoncountywi.gov](http://www.jeffersoncountywi.gov))  
\$10.00 vehicle fee and you must register for Clean Sweep events

**Watertown Recycling Center** – 727 Cady Street, Watertown  
(Drum for oil filters is located near the oil recycling site)  
No charge to residents

**Wal-Mart Supercenter #1776**, 1901 Market Way, Watertown  
(When bringing oil or oil filters, use back door by garden center)  
No charge for residents – Up to 5 gallons of drain oil a day and no limit on filters. This is the only Wal-Mart in Jefferson County that accepts these materials.

**Auto Pros** – N4982 STH 26, Jefferson  
Possible small charge – also accepts anti-freeze

**John's Disposal** – Whitewater  
John's will pick up your oil filters when they pick up your oil, on bulk day only.  
Drain the oil filter as much as possible put in Ziploc bags and set with your oil.

**Moore Oil Environmental** – 4033 W. Custard Avenue, Milwaukee  
Call 1-414-462-6457 – also accepts anti-freeze

**Rock Oil Refining** – PO Box 105, Stratford, WI  
Call 1-715-687-4198 – also accepts anti-freeze

**Safety Clean** – 3715 Lexington Avenue, Madison, WI  
Call 1-800-822-9608 – also accepts anti-freeze

**Veolia Environmental** – Fort Atkinson does not take oil filters at this time they are working on a solution.

**Other option** - check with your local garage; they might take these materials for a small charge.
